Summary

Software Engineer. Currently pursuing a Bachelor of Computer Science at IFSP - Instituto Federal de São Paulo. Technical degree in Computer Networks. Completed courses CCNA Routing and Switching, IT Essentials, and AWS Academy Cloud Foundations.

Seeking to build a solid career in Software Engineering, contributing with efficient solutions in backend development, APIs, and systems integration.

Education

IFSP (Instituto Federal de Educação, Ciência e Tecnologia de São Paulo)

Bachelor's of Computer Science Degree
2022 - 2025.

ITB (Instituto Técnico de Barueri)

Technical Diploma in Computer Networking
2019 - 2021.

Experience

Pagseguro Pagbank

Software Engineer Trainee

February 2025 - Actual

- Support in the analysis and resolution of technical and operational system-related incidents.
- Development and maintenance of APIs and system integrations using Java, Node.js, Spring, and API Gateway.
- Implementation of unit and integration tests, along with participation in code reviews for functionality validation.
- Automation of CI/CD pipelines using Jenkins, Docker, and Kubernetes.
- Involvement in technical decision-making and collaboration with QA and Database teams.

Intern Software Engineer

May 2024 - February 2025

- Support in the analysis and resolution of technical and operational incidents related to the system.
- Development and maintenance of APIs and system integrations using Java, Node.js, Spring, and API Gateway.
- Implementation of unit and integration tests, as well as active participation in code reviews to validate functionalities.
- Automation of CI/CD pipelines using Jenkins, Docker, and Kubernetes.

Skills

Programming Language: Java, C, Python, JavaScript.

Backend: Spring, node.js, Flask, Django.

FrontEnd: React.

Database: MySQL, PostgreSQL, Oracle, SQLite.

Messaging / Event streaming: Kafka.

DevOps: Docker, Jenkins, Kubernetes.

Language: Inglês Intermediário, Português Nativo/fluyente.

Agile: Scrum, Kanban.

Course

- **Certificate of Course Completion with Letter of Merit:**
 - CCNA 1 R&S: Introduction of Networks;
 - IT Essentials: PC Hardware and Software;
 - CCNA 2 R&S: Routing and Switching Essentials;
 - CCNA 3 R&S: Scalling Network;
 - CCNA 4 R&S: Connecting Networks.

Project

Sistema de Gerenciamento Universitário

Python / Flask / SQLite3 / HTML5 / CSS / JavaScript

Web application with essential tools for a student's daily routine. Simplifying the management and organization of their ongoing courses.
